A safety request from our neighbor

Hello Everyone!
Spring is here and this means everyone is enjoying the nice weather.
This includes horses and their riders.
For everyone's safety there are a few things to do of you see a horseback rider on the street. One, slow down. Two give them space. It is actually the law to yield for horseback riders in MA. Also horse can get spooked very easily.
Because of this, please never honk your horn at the horse and rider. Loud noises and sudden movement can scare a horse to spook. Sometimes when a horse spooks it can be dangerous to the rider and the cars in traffic.
Thanks for reading and Happy Trails!

ITALIAN WEDDING SOUP

Recipe for May 2024 Thank you, Kathy Stompski for the latest recipe.

Meatballs: ½ lb ground beef or turkey	½ lb. ground sausage or turkey sausage	
½ cup Italian breadcrumbs	1/3 cup parmesan cheese	
1 egg, whisked	¼ cup parsley, finely chopped	
2 cloves garlic, crushed	¾ tsp. salt	
¼ tsp. black pepper	2 Tbsp. olive oil, divided	
Soup: 1 Tbsp. olive oil	½ small onion, diced	1/8-1/4 red pep. flakes
3 carrots. diced	3 stalks celery, diced	3 cloves garlic
8-10cups regular chicken broth	1 cup orzo or acini de pepe pasta	
3 cups baby spinach, roughly chopped	½ tsp salt, to taste	¼ tsp. pepper, to taste- optional

Add all of the meatball ingredients , except oil to a lg bowl. Mix well. Scoop 2 tsp. and shape into a meatball. Do all the meat mixture. You should end up with approx. 48 meatballs. Add 1 Tbsp. oo to a Dutch oven. Add ½ meatballs. Sear 4-5 minutes, rotating every 1-2 minutes, or until browned. Drain on paper towels, do remaining meatballs. ADD 1 Tbsp OO to pan along with drippings. Stir in diced onions, carrots & celery. Saute 3-4 minutes, then add garlic. Continue cooking 1 minute. Pour in broth and scrape bottom of pot to ensure no bits or pieces stick. Bring broth to a boil. Once boiling add pasta, S & P, red pepper flakes and meatballs. Give a good stir. Cover, reduce to med. heat and simmer 7-9 minutes until pasta is cooked. Once pasta is done, toss in spinach. Serve immediately.

Old 'Town House' public opening; June field trip planned

Happy May Day, Montgomery friends and neighbors! The abundant rains of April will surely bring us ample May flowers. It's time to be out and about now that the better weather is arriving!

The Historical Building (the old "Town House") at Montgomery Center will be open to the public on **Saturday, June 22 from 9:30 a.m. until 12:30 p.m.** (same hours as the Library). This is a great opportunity to share with younger family members "how things were" back in the olden days.

Many articles from the past have been donated by local

Historical Happenings

residents, including artifacts found in our area, tools both from Montgomery and other locations, period clothing, and lots of photos from Montgomery's past. An additional benefit: if you have local historical documents or photos to share, we can scan them for our archives

during the Open House, and return them to you immediately.

Your Historical Society has tentatively scheduled a "field trip" for Saturday, June 29 to view the archives and artifacts of the Southampton Historical Society.

We will provide additional information on that in the June edition of the Mountain Breeze.

In the Montgomery Town Library, a custom-made display case contains articles and/or collections shared by Montgomery folk for all the enjoy. The exhibits are "curated" by your local Historical Society. The current display invites library patrons and other visitors to "think Spring" with items collected over the years for both Easter and springtime, including some hand-made ceramics and other décor.

The exhibit will change in the next week or two. In the meantime, please be sure to contact Laurie (tel. 862-8095) to schedule display of your own items or collection(s) to be shared with the public in the next few months. Your thoughtfulness is much appreciated, and library visitors seem to enjoy seeing what's in the case each time the exhibit changes...

EASTERN COTTONTAIL RABBITS

Eastern cottontail rabbit babies are called

kits. Mothers can have 3-8 kits in a litter and they may be born anytime from March through October. She will make her nest in a depression in the ground. The nest could be anywhere including the middle of the yard, along a building wall, under a bush or anywhere she can dig in the dirt and she will line it with her own fur and dried grasses or other vegetation. If you find one it is important to keep pets and children away.

Though it is advisable not to handle them, it is a myth that she will abandon them if touched. She may know they have been handled, but she still wants them home and will continue to feed them if she is able. To avoid attracting attention to them, Mom is only at the nest long enough for nursing at

dawn and dusk and will leave the kits alone for the remainder of the day and night. If there are people or pets in the area, she will delay feeding until it is quiet.

She will nurse them in the nest for only 3-4 weeks and they will start to venture out on their own to nibble on greens as they grow but return to the nest at night. By about 4-5 weeks, even though they look quite small, they are independent and ready to be on their own.

You can save the lives of rabbit kits by checking for nests before you:

- Mow your grass
- Trim weeds or bushes
- Rototill your garden
- Burn brush piles or use fire pits
- Rake long standing leaf piles or mulch
- Keeping cats inside

Happy Spring everyone!

An update from the HCAA

Hello fellow Montgomery residents,

Shortly we will be getting together for our annual town meeting, HCAA will be seeking an increase from all of our member towns. (Montgomery, Blandford, Russell, Huntington, Chester, and Worthington)

I ask you for your support of this increase for the following reasons:

- When 911 is dialed for an emergency, HCAA will respond to our town quickly, professionally, and most times at a paramedic level.
- Our towns have looked at other Ambulance service providers, all of which are not a long term solution or cheaper alternative.
- HCAA and your Selectboards are working together on what will be a long term solution for viability.
- Your HCAA EMT's and Paramedics are community members, they live and work in our towns and are committed to providing exceptional care and service.
- All similar non-profit ambulance services such as HCAA charge up to a 65.00 dollar per capita rate, HCAA is currently only at a 35.50 dollar per capita rate.
- HCAA is independently audited by the State for safety and financial compliance annually, all of which conforms and is available for full transparency. The HCAA operation is constantly audited and reviewed independently.
- In my opinion, HCAA provides a great value to our member communities and supporting them and their employees is critical to providing our Hilltown residents pre-hospital care.

Thank you, Steve Pitoniak

"What is music to you? What would you be without music? Music is everything. Nature is music (cicadas in the tropical night). The sea is music, the wind is music. DEMENTIA AND THE 5 SENSES

PRESENTATION BROUGHT TO YOU BY:
WESTERN HAMPDEN COUNTY
PUBLIC HEALTH DISTRICT

When you think about dementia, what comes to mind...for most people it is memory loss. Founder of Our Dementia Life, Laura Lavoie, will be here to talk with you about how all five senses are affected by the disease, and how memory is just one small part. You will find a better understanding of and a better way to communicate with your loved ones after this session. Building on the relationship and what remains, rather than focusing on what is missing.

Laura is also an Independent Contractor who works directly with Teepa Snow as a mentor, teaching others how to become trainers, consultants, coaches, Engagement Leaders and Champions for Dementia.
